WINE LIST

foreword

...and the journey continues as Abraham's sons Luke and Jeremy Said step us as Managing Directors of the Company, following their father's footsteps and passion, and start their journey on taking over the family business.

"During these past years, together, we have developed and selected an incredible wine portfolio.

Our vision is to create a wine list that is accessible to everyone with an eclectic choice of wine. The journey will take you from Italy to France, Spain, Portugal, New Zealand, Chile, Argentina, South Africa, California and others, returning closer to our home, the wineries of Malta.

'Good wine is one of life's greatest pleasures. Whether you are a novice or a connoisseur, interested in simply sipping or expertly analysing, enjoying a glass of wine can be a sublime experience'

We are delighted to share our wine list with you, and we will also be very happy to assist you in making the perfect choice to complement your meal."

With the aim of getting great wines into the hands of our consumers, at the heart of our wine by the glass offer, our Cantina operates with two preservation systems.

BERMAR™

Bermar Preservation System has been at the forefront of the wine industry, renowned for the reliability and precision engineered finish.

CORAVIN®

Coravin is designed to pour wine without removing the cork. As wine is extracted through the Needle, the pinnacle of Coravin's technology, it is replaced with pure Argon gas, ensuring oxygen never touches the remaining wine, keeping it as fresh as the day it was bottled.

Wines marked with ❄ are **served chilled**.

Should you prefer one of our other wine which are not chilled, they can either be pre-ordered, otherwise there is a 15 minute chilling time.

Please be aware that occasionally vintages can be subject to change at short notice and rare wines are cellared in limited quantities.
